PROFESSIONAL EXPERIENCE

Senior Product Designer – Agent Experience Team (MTN Group) | Johannesburg | Aug 2025 – Present

Drive UX design initiatives for Agent App experiences across the MTN MoMo platform. Partner with developers, business analysts, and other stakeholders to deliver efficient, user-centered solutions. Conduct competitive benchmarking and business insight research to align design standards with market trends. Champion accessibility, consistency, and innovation through design system adoption.

Lead UX/UI Designer – Adapt IT | Johannesburg | Aug 2023 – Jul 2025

Led a multidisciplinary team of **5 Designers, Developers, and 3 Testers** delivering UX solutions for higher education and enterprise products.

Applied digital transformation frameworks to improve operational efficiency and product usability.

Facilitated design sprints, workshops, and alignment sessions to accelerate delivery.

Mentored junior designers and contributed to a collaborative, growth-focused team culture.

Senior UX/UI Designer – TedTec Business Solutions | Johannesburg | Nov 2019 – Jul 2023

Supported onboarding, development, and continuous performance improvement for junior designers.

Strengthened design governance and cross-functional collaboration with product and development teams.

Encouraged open communication and team cohesion through consistent check-ins and process improvements.
